Marine Upholstery, Vinyl & Fabric Collection

1. Abrasion resistant

2. UV resistant

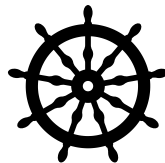

3. Mildew resistant

4. Flame retardant

Performance Testing	Testing Method
Meets or exceeds	
• Flame Resistance	FMVSS 302 Flammability Test (horizontal burning)
• Abrasion Resistance	Heavy Duty Wyzenbeek ASTM D4157-92 Double Rub, 100,000+ Cycles
• UV Resistance	ASTM G35 QUV Stabilized 500 Hours, Gray Scale 3.5 min.
• Cold Crack	-23°C Per FTMS 191A M5874
• Mildew Treated	ASTM G21-2009
• Anti-Bacterial	ATCC 147-1993
• Anti-Microbial	ASTM 1428-99
Manufactured to meet the following flammability requirements:	
California Technical Bulletin 117 Section E	
NFPA 260	BIFMA X5.7
FAA, FAR. 25.853	IMO A.652 (16) 1, 8.2 & 8.3
UIFAC Class 1	NF P92-503 M2
	DIN 4102 B2
	EN 1021 Part 1 & 2

Application and use

Designed specifically for Marine, RV, and Outdoor applications. The Marine Upholstery Collection offers premium top of the line weather resistant marine grade vinyl and fabrics. Optimal UV and mildew protection help extend the lifetime of the upholstery. We offer many styles, patterns, and designs, from comfort to performance, traditional to sophisticated, we've got you covered.

Marine Equipment Directive 96/98/EC
